

Hello everyone,

my name is Carmen Heritier and I've been involved in the sport dogdancing since I was 18 years old, which is quite a while ago, already 😊.

I'm living in the very South of Germany, only 4kms away from the Austrian border, close to the mountains and the Lake of Constance. I'm originally a high school teacher, but I am doing research on Veterinary Fear in dogs at the moment, as well as training dog trainers. I specialise in Gymnastricks – so Canine Fitness tailored to your dog.

I've been a judge since 2006 and have judged in many countries already, including Switzerland, Austria, Italy, Hungary and Russia. While I lived in England, I completed the English Kennel Club's judges education under Kath Hardman – so it's great to judge alongside her now. I was very honoured to be part of the German national team for the World Cup in Germany in 2017 and the OEC in 2014. I own and train two Beagles, so you can imagine that my life – together with two small children – is very chaotic and funny at times. So if anything is going wrong in your routine – don't worry, I've been there, too.

I hope you enjoy every moment of your performance and wish you a relaxing journey to Stuttgart, a pleasant stay there and the best of luck for your plans.

All the best, Carmen
